EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance: After additional search by the undersigned Examiner, U.S. Patent Application Publication 2003/0174937 A1 to Huang et al remains the closest prior art of record. Applicant has amended the independent claims to require a spacer ring or spacing support member. Huang et al clearly does not disclose or suggest this feature. Applicant has also demonstrated that both the claimed invention and the subject matter of Huang et al were, at the time the claimed invention was made, owned by the same person or subject to an obligation of assignment to the same person. Huang et al is therefore disqualified as prior art under 35 U.S.C. § 103(c)(1), so that the previously applied rejection of Huang et al in view of Chown (regarding the spacer ring claim limitation) is overcome. Claims 1-23 herein are thus allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

DISCUSSION OF THE CITED PRIOR ART

The prior art made of record by the Examiner and not relied upon is considered pertinent to applicant's disclosure. U.S. Patent 6,894,846 to He et al (see Figure 8) describes an optical device very similar to that of applicant's claims, but there is no disclosure or suggestion of a spacer ring between the filter and either ball lens.

Any inquiry concerning the merits of this communication should be directed to Examiner John D. Lee at telephone number (571) 272-2351. The Examiner's normal work schedule is Tuesday through Friday, 6:30 AM to 5:00 PM. Any inquiry of a general or clerical nature (i.e. a request for a missing form or paper, etc.) should be directed to the Technology Center 2800 receptionist at telephone number (571) 272-1562, to the technical support staff supervisor (Team 8) at telephone number (571) 272-1564, or to the Technology Center 2800 Customer Service Office at telephone number (571) 272-1626.
